effected such permanent cures as Doctor Sweeny,

DOCTOR SWEANY, 737 Market Street, San Francisco, Cal.

A robust, manly
boy and a young
lady girl nestling in
her bosom — what
more can any woman
and woman ask?

It is intended
that it will be granted
to every woman

to look after their health in a
womanly way. The health of a woman's
bodily as dependent upon her own health
as the health of a man's body is dependent
upon his own.

The present mother cannot be too par-
ticular about her physical condition, if
she suffers from local weakness, nervous-
ness or loss of vigor and virility, her chil-
dren will be weak, puny and sickly.

Dr. Sweeny's advice
is to take a full course of
the elements and important organs
that make up the frame of the body.

Thousands fall ill of this because they have
neglected to look after their health in a
womanly way. The health of a woman's
bodily as dependent upon her own health
as the health of a man's body is dependent
upon his own.
